The Daily Quote

"The fact is, as difficult as these times are -- and they're profoundly difficult for a whole lot of people all across the country -- we are moving in the right direction. Our economy is in better shape today than it was when I took office; when we were hemorrhaging 700,000 jobs a month; when our financial system was on the brink of collapse; and economists from just about every part of the political spectrum were predicting that we might be sinking into a Great Depression. And one of the reasons our economy is in better shape today is because we voted to move forward boldly and swiftly to pass a Recovery Act."

- President Barack Obama, 10/14/09
