The Daily Quote

"[T]he recent stabilization in the housing market -- formerly at the root of the worst recession since the Great Depression -- is expected to have helped the U.S. economy return to growth in the third quarter...The economy's recovery -- analysts predict the GDP report Thursday will show 3.2% third-quarter growth -- has helped lift [home] sales, as has an \$8,000, first-time buyer tax credit expiring Nov. 30."
