The Daily Quote

"Republicans will offer a single substitute bill in the House and multiple amendments in the Senate to show they aren't, as Democrats charge, the "party of no." But it's largely a charade. Senate Republicans clearly hope to delay health care reform into next year... The unspoken intent is to sink President Barack Obama's signature initiative and send his poll ratings plunging, sparking big GOP victories in 2010. All this does not exactly make the GOP the "party of yes" on health care."
